**Only 28% of neurologists feel prepared  
to answer patients questions about stem cells.**

Poll by the ISSCR (International Society for Stem Cell Research)

***TOGETHER, we can change this statistic.***

*With the great strides in Science, patients need current  
**evidence-based information** - especially in today's world.*

*Help us **strengthen the patient/neurologist team**  
and distinguish between information & misinformation  
found on the internet.*
